Are You Concerned About the Condition of Highways, Roads and Local Streets?

Please join the L.A. Area Chamber at a
[public forum](#) on transportation to discuss
the State's role in funding road repair and

Your voice is needed to
help identify and
implement policies to
ensure that all Californians
benefit from a well-
maintained and efficiently-
functioning transportation
system. Please plan to

maintenance.

Wednesday, July 29, 2015

10 a.m. - noon

California Department of Transportation -
District 7, 100 S. Main Street, Conference
Room 01-040 A/B/C Los Angeles, CA

The California Transportation Commission,
Southern California Association of Governments
and L.A. Area Chamber invite you to a public
forum to learn more about the local, regional and
state role in funding road projects and
maintenance; the impacts and reasons for
California's deteriorating transportation system;
proposed short-term and long-term funding
solutions; and the potential implementation of a
road charge based on miles driven to stabilize
road repair and maintenance funding.

Representatives from the Chamber, Southern
California Association of Governments, Los
Angeles County Metropolitan Transportation
Authority, Ventura County Transportation
Commission, the San Pedro Bay Ports, California
Department of Transportation, and California
Transportation Commission will discuss and
generate feedback on topics such as:

- How has Los Angeles and Ventura counties
benefited from recent county and state
transportation funding, such as state
funding for improvements to Interstate 5
and the 405?
- How does the current condition of the
area's transportation system affect
economic growth and regional
competitiveness?
- What are the near-term and long-term
transportation needs in California and the
counties of Ventura and Los Angeles?
- * How can we stabilize and increase
funding needed to repair and maintain
highways, roads and local streets?

attend.

IMPORTANT NOTE:

The purpose of this public forum
is to discuss funding for
transportation system repair and
maintenance, with a primary
focus on highways, roads and
local streets.
